

SCHEME OF EXAMINATIONS

• **LKG – UKG** - No Formal Examination. They will be given grades according to their performances throughout the year.

• **CLASSES I – II** - Terminal Examinations will be conducted.

First Terminal Examination = 80 marks

Internal Assessment = 20 marks

(Reading, Spellings & Dictation, Storytelling, Singing etc.)

Pass marks = 33

Second Terminal Examination = 80 marks

Internal Assessment = 20 marks

Pass marks = 33

The combination of the two Terminal Examinations marks will determine the Final results.

• **CLASSES III – V** - Terminal Examination will be conducted.

First Terminal Examination = 80 marks

Internal Assessment

(Reading, Spellings & Dictation, Storytelling, Presentation, General Knowledge etc.) = 20 marks

Pass marks = 33

Second Terminal Examination = 80 marks

Internal Assessment = 20 marks

Pass marks = 33

The combination of the two Terminal Examinations marks will determine the Final results.

• **CLASSES VI – VIII** - The school conducts half yearly examination, Session Ending Examination (Promotion) and two (2) internal assessment called Periodic Tests during the academic session internally for Upper Primary (classes VI – VIII) students.

The following percentages of each examination would be taken for making the Final Results of the pupils:

1. Periodic Test – I (before half yearly examination) - (10 % will be taken)
2. Periodic Test – II (before Session Ending examination)- (10 % will be taken)
3. Half Yearly Examination - (30 % will be taken)
4. Session Ending Examination (Promotion). - (50 % will be taken)

Students will appear for 80 marks in the Final Examination and there will be an Assessment of Speaking and Listening Skills carrying 20 marks as an internal mark but only 50 % will be taken out of a total marks of 100 to make the Final Results.

CO-CURRICULAR ACTIVITIES

Every activity in the school life plays a significant role in the development of the students. Co-curricular activities are an essential part of the school life and helps in enhancing learning process of the students at school. Therefore, the school will take up various co-curricular activities like outings, sports, debate, quiz, science exhibition, environmental activities and music classes etc., for the benefit of its inmates.

LIBRARY

The school Library has grown significantly and its collections of books enlarged and enriched. At present, the school has a good volume of books and collections in the Library and will be made available to be borrowed by producing the School Library Card.

BRIEF HISTORY OF THE SCHOOL

Name of the School:

The Institution was initially named as Faith Learning Centre (F.L.C.) at its inception in 2017 using Accelerated Christian Education (A.C.E.) Curriculum, School of Tomorrow, USA. Eventhough, the Curriculum was highly admired by the school authorities there used to be a problem in the procurement of textbooks as all the learning materials needs to be ordered from the U.S.A. and therefore very expensive. So, with an aim to make the best but affordable education available in the city which is based on the Bible and its teaching as the foundation; the institution will follow The Indian Certificate of Secondary Education commonly known as an ICSE curriculum from the academic session of 2020 onwards without discarding the main objective of the A.C.E curriculum that is bringing the child closer to God and helping them know more about him through prayers and memorizing the Bible verses and most importantly to have an Academic Excellence with Biblical Foundation. Moreover, the school would have a new nomenclature as "SIAMLIANA MEMORIAL SCHOOL (S.M.S.) from 2020 in memory of the late father of the School founder and former Administrator.

Motto:

The school is using "With God all things are possible" from Matthew 19:26 as its motto.

LOCATION:

The school is located in the Zomi Villa, Tuikual North, Aizawl -796001, Mizoram. The School building was formerly occupied by the Govt. Aizawl Law College.

AIMS AND OBJECTIVES

1. To produce academic excellence by incorporating Godly Character training.
2. To enable students to have a language proficiency in English and Hindi.
3. To provide the child's specific needs and learning capabilities.
4. To help the students acquire the necessary mathematical concepts and skills for everyday life.
5. To instill responsibility and accountability in the pupils.
6. To train the pupils to become a good citizen, confident, productive and a successful person who could view life from God's perspective.
7. To cater a holistic and broad based education.
8. To impart analytical skills, problem solving skills and practical knowledge to the students.
9. To equip the pupils to meet the challenges in life and to develop their potential for lifelong learning.

WHAT MAKES SIAMLIANA MEMORIAL SCHOOL DIFFERENT?

• A strong foundation -

It is a well-known fact that a strong foundation in the lower classes plays a vital role in forging life-long learning competencies. Therefore, the school will do its best to enable children to be well-prepared and future ready and to lead them in a progressive and phased manner to derive full advantage of the ICSE.

• Academic and Character Building -

We desire to build in the pupils a life-long burning passion to learn and grow spiritually. It is one thing to want children to be successful and quite another to provide the academic and character training to ensure this accomplishment.

Godly character training received as part of their learning will prepare pupils to welcome and accept challenges and future opportunities as well as live Godly lives.

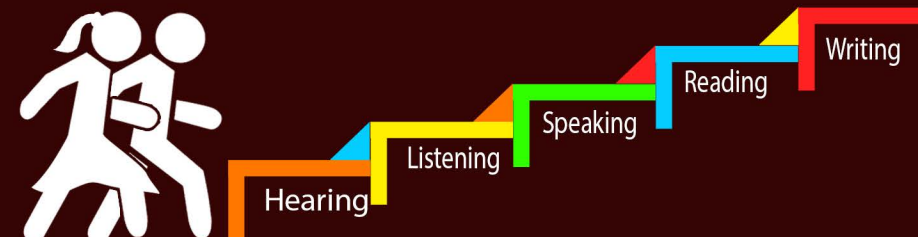

• Relationship with God -

Students' personal relationship with God and their personal responsibilities to friends, family, church and community will be of primary concern.

• Proficiency in English and Hindi -

English language occupies a central place in the school curriculum as it is the medium for learning. Proficiency in the language is a pre-requisite for effective communication and knowledge acquisition. And as we live in India, Hindi-the official Language of the country is equally important as English and therefore cannot be neglected either. So, the pupils will be train to have proficiency in English and Hindi.

Language is an essential tool to comprehend ideas and information, interact socially, and inquire into areas of interest and study and a means to express thoughts and opinions in a clear and fluent manner.

• Mastery in Mathematics -

Pupils will have mastery in Mathematics by developing the mathematical thinking and problem solving skills and apply these skills to formulate and solve problems and will also acquire the necessary mathematical concepts and skills for everyday life and for continuous learning in mathematics and related disciplines.

• Training of the future generation -

The school would prepare the future generation of learners to meet the challenges of an ever advancing knowledge-based society and a dynamically changing environment, it is imperative that children are equipped with a repertoire of skills and a positive attitude with a sensitized perspective to become successful citizens in a globally competitive society.

• Children with Special Needs -

Care must be taken by the teachers to the children with special needs or differently abled children. Special Educator will also be engaged to cater the child's specific needs and learning capabilities.

WHY ICSE CURRICULUM?

The curriculum aims to ensure that learning is a joyful experience for all children and those children are able to understand not only what they learn, but also how this learning is relevant in their lives, both present and future. The approach of the curriculum is 'Child Centred'. The identified concepts, skills, issues and concerns are age-appropriate so that the understanding of the child develops gradually from self to the immediate surrounding and further to the wider environment. Thus, the child moves from simple to complex, concrete to abstract, informal to formal concepts in a logical and phased manner.
